British Premier Withdraws From Coalition Party

Political Complications Feared As Lloyd George Leaves Cabinet; Europe Rejoices Over Retirement.

(ASSOCIATED PRESS) LONDON, Oct. 19.—Lloyd George and his cabinet resigned this afternoon. The coalition government received its deathblow at a meeting of the conservative members of the house of commons and conservative members of the cabinet when a meeting was held and the party was dissolved by a vote of 185 to 87.

The appeal to the country as a conservative party and a withdrawal from the coalition government created considerable complications in the political situation, which has existed for years. Bonar Law or the Earl of Derby are to be called on to form a new government as the conservatives have the largest membership in the house, it is said.

Outlives Other Statesmen

Lloyd George outlived all of the statesmen who guided the great nations throughout the world war, particularly in the readjustments which followed the turmoil. He kept his seat at the steering wheel when all about him were losing theirs.

Despite recurring difficulties Lloyd George held on and it was he who led in the parleys that resulted in the creation of the Irish free state after 700 years of strife between England and Ireland.

George's rise in politics filled much romance as the lives of various famous Americans who came up from log cabins to the White House. He was born in Manchester, January 17, 1863. He lost his father in infancy and was brought up by his uncle, Richard Lloyd, a shoemaker.

Approve Premier's Retirement LONDON, Oct. 20.—The majority of papers here and in Paris are exultant over Lloyd George's retirement. Le Matin in Paris declared yesterday: "Lloyd George, France hopes never to see you again."

Bonar Law is making rapid progress in forming a new cabinet. Marquis Curzon and the Earl of Derby both of whom are influential and experienced cabinet members, have agreed to serve under him in any capacity.

Although there is a split in the conservative ranks, Law is deprived of the service of Chamberlain, Birkenhead, Balfour and others.

Maui National Guard Praised by Governor

Extreme gratification at the results of the National Guard encampment at Makawao, Maui, which ended last Saturday, was expressed by Governor Wallace R. Farrington in an address Friday to the officers and men of the camp, according to the Honolulu Advertiser.

The governor expressed himself as being particularly pleased with the work of the Maui marksmen, stating that the exhibitions of shooting at the camp were among the best he had seen here. The machine gun troops also came in for their bit of praise.

The camp was highly successful, both as to instruction and benefits derived from it and the discipline shown by the men, according to Col. W. D. Potter, adjutant general of Hawaii, who returned from Maui.

On Thursday, October 12, the governor, accompanied by Col. Potter and Col. Harry A. Baldwin, delegate to congress, who was on Maui at the time of the encampment, reviewed the troops in camp. The camp was first inspected and at the conclusion of this the troops passed in review.

Col. Potter and Governor Farrington were guests of Col. Baldwin during their stay on Maui.

The Maui camp was the second one held in the territory, the first encampment having been held at the Hilo rifle range. The reports of the camps up to date are highly encouraging, according to Col. Potter, and show a keen interest taken in the guard activities by men of the islands.

Yesterday morning 15 members of the national guard unit here went in to camp at Schofield barracks rifle range, where they will remain for 15 days. There were over 700 men in the list that made the trip to Schofield in trucks from the army.

This, according to Col. Potter, is a large attendance, considering the fact that most of the men in the camp are employed in or around Honolulu and had to leave their work.

Wise Campaign to Be Pushed Hard

Nominee Will be on Maui Last Three Days of Month; Delegate Tells of Necessity of Big Majority.

(ASSOCIATED PRESS) Wailuku, Saturday, October 28. Paia, Sunday, October 29. Lahaina, Monday, October 30. Other meetings will be arranged in the day time at as many places as possible and announcement of them made in advance.

John Wise, Republican nominee for delegate to congress will come to Maui from Hawaii on the night of Friday, October 27 and his campaign will start next morning. The above schedule of principal meetings was decided upon at a meeting of the Republican county committee yesterday afternoon. For the Wailuku meeting there will be special trains run in by the Kahului railroad from Paunone and Kahului. The nominee will leave for Honolulu after the Monday night meeting in Lahaina and will spend the closing week of the campaign on his home island.

Delegate Baldwin was called upon by Chairman Sam Kalamia to take the chair at the meeting of yesterday morning in Wailuku town hall. The delegate lost no time in laying the political situation before the members of the committee and made it plain that the slogan and watchword from now on must be "get out the vote and roll up a big majority for Wise."

In the Fifth District of Honolulu and in East Hawaii, Harry Baldwin said, Jarrett is expected to run strongly. He may need a good round Maui majority to put him across and it is up to Maui to make it big enough and to appear. The voters here must not be allowed to think that because of their legislative ticket is assured of election, the other islands can be allowed to elect the delegate. On the contrary, it is up to Maui to see that he is elected.

Wise Right Man As to qualifications of the two nominees, Baldwin made it clear that Wise is the one fitted for office. Jarrett made a splendid high sheriff but that does not make him fitted to represent Hawaii in Washington. The delegate told what qualifications are needed and showed that Wise has them. He has the ability to speak before large numbers or small groups and to speak convincingly and he has the ability to talk to the individual officials and members of congress. Above all else he has the persistence, "he come back again and again" quality that is absolutely essential.

Baldwin urged a campaign full of pep and energy from now on and said he was delaying his start for Washington to help instill these qualities in the campaign.

Hawaiian Minister At Hana Takes Life

After having been missing for two days Rev Louis M. Mitchell of Hana was found hanging dead to a tree on Sunday morning. The news reached Wailuku yesterday morning and verification of the report was secured last evening.

Rev. Louis M. Mitchell was a Hawaiian minister at Hana. It is said that for several days before his disappearance, last Friday, he had been deeply despondent and to that condition is attributed his taking of his life. For two days he had been vainly searched for and on Sunday morning he was found. From the condition of the body it is thought that he took his life the day he disappeared.

Methodist Missionary Claims Orientals Are To Be Good Citizens

(ASSOCIATED PRESS) PITTSBURG, Oct. 19.—"Oriental children born in the United States and given proper training mentally and morally are fit to become citizens," declared Mrs. L. McClintock in an address before the annual meeting of the board of managers, Woman's Home Missionary Society of the Methodist Church.

Mrs. W. E. Evans, like Mrs. McClintock, a San Francisco woman, praised the citizenship qualities of the American born Japanese and Chinese. Mrs. Evans made an exhaustive report on Korean and Japanese activities in the states.

PARDON FEDERAL CONVICTS (ASSOCIATED PRESS) WASHINGTON, Oct. 18.—Six men serving sentences for convictions under the espionage law were offered conditional pardons today, the department of justice announced. The condition in the cases of three aliens was that they submit to deportation, and the condition in the other three cases was that they "be law-abiding in the future."

PROHIBITION FOREVER (ASSOCIATED PRESS) WASHINGTON, Oct. 18.—President Harding was quoted today by delegates to the convention of the Allied Christian societies as saying that the nation would never depart from the eighteenth amendment.

New Membership Plan Is Effective

Maui Chamber Adopts Rates For Dues at Important Session; Visitors Heard From; Much Business Transacted.

Firm and corporate membership of the Maui Chamber of Commerce will be in full operation with the new year. A schedule of graded dues or assessments was adopted by the board of trustees of the chamber yesterday afternoon and approved by the chamber. A membership committee composed of H. K. Duncan, chairman, C. C. Campbell, W. A. Clark, H. S. Walker and Walter Engle will reorganize the membership of the chamber along the new lines. The first corporation since the plan was adopted to join is Kaeleku Sugar Co. Maui Publishing Co. was already a member.

Yesterday's meeting of the Chamber of Commerce was full of interest and numbers of important matters besides membership dues were decided or discussed. William McMurray, General Passenger Agent of the Union Pacific, was an interested guest and spoke of his company and its plans and of his visit to Maui and interest in the islands. He is a delegate to the Pan-Pacific Commercial Congress. Joseph Herrscher of the Kaeleku Sugar Company, was introduced as a new member and spoke of his interest in Maui affairs, the pleasure it gave him to become a member of the body and for the Hana-Kailua road, saying he was confident he could float \$300,000 of bonds for the project. He told of his civic and community work on the mainland.

Three other members were elected to the chamber: A. B. Brown, J. A. Tiersan and J. P. Cockett, the county treasurer.

Committee Reports Committee reports on the entertainment of the Los Angeles visitors, the Rest House, suitable gift to the steamer Haleakala and the legislative committee were presented and will be covered at more length in the Tuesday issue of Maui News.

The chamber was told of the plans of Maui News to enter the field as a daily publication with carrier delivery and applauded the announcement, the need of such a publication being clearly recognized.

Approve Children's Home Approval of the Children's Home project was given and the moral support of the chamber extended in connection with the drive to raise the balance of needed funds next month.

The matter of a delegate to the Pacific Congress in Honolulu next week was discussed and the secretary asked to attend but he expressed his regret at his inability to do so because of pressing business engagements on Maui at that time.

The matter of delegates to the Civic Convention which has been postponed until December will be taken up further and selections made at the November meeting. At that time, too, arrangements will be made for a special meeting of the chamber with the Hawaii Tourist Bureau which is expected to be on Maui from November 12 to 19.

Two Indorsements For Magistrates Are Made

Endorsement of two possibilities for district magistrates was given by the Maui Bar Association at a meeting held Tuesday afternoon and action on a third was passed for a week. M. S. Deponte is endorsed for district magistrate at Hana to succeed T. K. Wahiako and Edward Wilcox at Ulupalakua. The magistracy at Kilauea was deferred for action for a week.

The action taken by the Maui Bar was in response to a request of the chief justice of the territorial supreme court that recommendation be made and it is anticipated that the appointments will be announced as recommended.

Legion Opposes General Sawyer As Chief Of Hospital Activities

(ASSOCIATED PRESS) NEW ORLEANS, Oct. 20.—General John J. Pershing, addressing delegates to the American Legion convention here said that he enjoyed his reunion with "a boys." During the session bitter opposition developed in debate as to the selection of Brig. Gen. Sawyer as head of the hospitalization work.

Later in the day the convention passed a resolution denouncing the removal of Sawyer, claiming he is guilty of blocking hospitalization programs.

Suspend Sentences Of Alleged Members I. W. W. (ASSOCIATED PRESS) PORTLAND, Ore., Oct. 19.—Suspended sentences of 99 days were imposed on 201 alleged members of the I. W. W. organization. The party is to be conducted to the city limits and told to leave.

Plan Big Drive For Home Funds

Campaign To Raise \$10,000 To Equip Children's Home Opens On Armistice Day; Homeless Kiddies at Stake.

Needed to complete and equip the Children's Home building now in course of construction is the sum of \$10,000. To raise it a "drive" is to be held from November 11 to November 15, inclusive. It will extend the length and breadth of Maui and when it is ended the home for homeless kiddies will have been paid for.

Completion of the financing of the Children's Home project is undertaken by a central committee which will name sub-committees in all of the districts of Maui. The central committee is headed by F. F. Baldwin as president and the other members are J. Garcia, vice-president, C. S. Childs, executive secretary, Mrs. A. N. Keppel, Mrs. E. R. Bevis, Mrs. Jno. Weddick, George Cummings, Father Justin and Joseph H. Gray.

There has been raised for the Children's Home something more than \$11,000. There is needed to complete the building construction more than \$5000 and the remainder of the \$10,000 to be raised is needed for the furnishing and equipping of the building on completion.

Strictest economy has been practiced in connection with the new building. The site is furnished by Bishop Liberty. The county gave old building material that was salvaged when buildings no longer needed at Malulu hospital were demolished. William D'Esmond has given and is giving his time and skilled experience as an architect at a very low figure. The Kahului Railroad Company is furnishing the remainder of the materials needed for construction practically at cost and has laid a spur to the grounds to save transportation charges. The building contractor took the job at the smallest possible margin of profit.

Within the next few days the committees for the various districts will be put across and will be operating within a very few months.

Grand Jury Returns Bills Against Six

Six indictments were returned by the grand jury in a partial report rendered yesterday afternoon and its sessions were resumed at 10 o'clock this morning.

The true bills found by the grand jury were three charging incest by Rainoldo Revela, a Porto Rican, one against Gi Chang Li of Lahaina for an offense against a girl under the age of 15, one against Kawelo Kallikane for assault with a dangerous weapon and one against B. Lambert for embezzlement.

This morning Revela and the Chinese were arraigned and W. F. Crockett assigned as counsel for the former and Enos Vincent for the Chinese. Time for plea was set in both instances for tomorrow morning. Kaelo Kallikane was to be arraigned later in the day and in the case of Lambert the time for arraignment and plea is to be decided after consulting the defendants' attorney, Eugene Murphy, Lambert being out on bail.

It is considered probable that the grand jury will finish its work today.

Receives Big Award For Loss of Speech

One of the largest awards made recently by the Maui Industrial Accident Board was approved yesterday at its meeting. A Japanese was given \$3483 for loss of speech. Whether such injury was a total disability or a partial disability was decided by the board on the latter alternative on the ground that the man is still able to earn something as a yard man or in some similar capacity.

The accident from which the award grew occurred while the man was employed by the M. A. Co. as a mason when wages were high in 1920. He sustained a fracture of the skull and scalp wound and an injury to the brain which affected his speech. To those who know him he can make himself understood after a fashion. It is said he is capable of doing some work. His award was based on the difference between his former earnings and what he is capable of earning now.

During the past two years the man has received compensation from his employers and has received hospital care and all other necessary attention.

Suspend Sentences Of Alleged Members I. W. W. (ASSOCIATED PRESS) PORTLAND, Ore., Oct. 19.—Suspended sentences of 99 days were imposed on 201 alleged members of the I. W. W. organization. The party is to be conducted to the city limits and told to leave.

Merger of Two Maui Banks Proposed--Plans Are Not Yet Carried to Completion

Announcement of Consolidation Published in Honolulu Before Favorable Action Was Taken By Directors of One Institution; Much Yet Remains To Be Done.

Premature publication of the consolidation and merger of the two Maui banks, the Baldwin Bank and the Bank of Maui was made by the Honolulu Advertiser in its issue of Wednesday morning. At the time the Advertiser published the article which said plans had culminated the directors of the Baldwin Bank had not met to vote on the proposal. They did not meet to consider it until yesterday afternoon.

Good reason exists to believe that a merger of the two banks will be effected in the near future but a considerable amount of preliminary work will have to be done before the proposed consolidation is brought about. Here are the facts of the case:

FACTS AS THEY ARE Some three or four months ago the proposal was discussed by persons interested in the two banks and nothing came of it at that time. Less than two weeks ago the proposal was revived with every probability of a satisfactory arrangement being made. At the time of the Fair Clarence H. Cooke, president of the Bank of Maui, was here and on Friday last the directors of that bank gave favorable consideration to the plan. The directors of the Baldwin Bank met yesterday afternoon and took steps looking to the merger. As a result of the two meetings C. D. Larkin of the Bank of Maui and D. C. Lindsay of the Baldwin Bank, they to select a third person, have been named to go into details and present a definite plan for consolidation to the directors of the two banks. If the directorates approve of that plan it will be submitted to the stockholders for final approval. Such approval given, the further necessary steps can be taken.

During Fair time there were conferences held on the subject between persons interested in the two banks. It is reported that such conferences were satisfactory and that some tentative details were arranged.

Not Divulged Here In the Advertiser's story it was said a wireless had been received by Alexander & Baldwin telling of the merger. It is learned here, however, that no such wireless was sent and that the information reached an Advertiser reporter from another source than a wireless from Maui. When the Wednesday Advertiser arrived here with an eight column story across the front page all those who were working on the plans were astounded. It has been planned, when arrangements were completed for submission to the stockholders, to have an announcement made here over the signatures of the officers of the two banks. It was said yesterday by officials of both banks that when the proposal has been put in definite form and approved by the directorates it will be given to the Maui public in detail.

Tentative Plans Made Of the tentative plans it can be said at this time that in addition to the merging of the banks there will be formed a trust company.

To announce the probable officers of the new institutions at this time would be premature but it is understood that at the conferences spoken of above agreements were reached which are still of a tentative nature. It is reported that the chief place of business of the proposed new bank will be in Wailuku.

Final Success Expected Confidence is expressed in various quarters that the project will mature in spite of the premature publicity that was given to it. Also it is regarded as an excellent thing for the business interests of the community both large and small and put general business on this island on a firmer, more stable and altogether better foundation, especially in the stabilizing of credits. When completed it will give Maui a financial institution with resources of some \$4,000,000.

Attorney General Orders Probe Of Island Klansmen

(ASSOCIATED PRESS) HONOLULU, Oct. 20.—Attorney General J. A. Mattheman yesterday announced he would instigate an investigation into the appearance of the Ku Klux Klan in the islands, providing the matter was brought to his attention.

He officially announced that he had received an anonymous letter informing him of the name of a well known Filipino leader. The letter asserted, he said:

"Members were enticed to \$7 each while waiting. Mr.—has just returned from Hawaii urging his countrymen to join, and in proof of this statement, in plantation offices there are records that he collected money. We hope this matter may be stopped."

U. S. Hoists Flag On Gunboat at the Approach of Reds

(ASSOCIATED PRESS) TOKIO, Oct. 19.—Official dispatches from Vladivostok declare that lawlessness reigns as the red army approaches. The French consulate has been attacked. The American consul has rented a building for the protection of Americans and has ordered hoisted the flag under the guns of an American cruiser in the harbor. There are two Japanese cruisers and three destroyers in the same bay.
